## OUTDOOR DURABILITY WARRANTY

INX Digital backs their products with their Worldwide Ink Durability Warranty. INX Digital's TRIANGLE® Inks have been extensively used for many years and exposed to virtually all global and outdoor climates.\*

\*See specific product durability warranty as some vary.

+ Ask a sales representative for INX Digital's complete Worldwide Ink Durability Warranty.

## INK TRAIN WARRANTY

INX Digital offers the most comprehensive warranty in the industry. If inks are proven to be the cause of the printer breakdown during the initial OEM warranty period, then INX Digital will provide parts, service or reimbursement costs required to repair damage to the ink train.\*

\*See warranty disclosure statement for details.

## BULK INK SYSTEM

INX Digital is proud to offer to the wide format printing community a revolutionary bulk ink delivery system, the EasyFill Pro™. The EasyFill Pro system will substantially increase and enhance your productivity while reducing your costs. When using EasyFill Pro™ system, you can discontinue use of OEM cartridges, therefore reducing your company's dependency on the OEM. By using our bulk inks you will feel the positive effect in cost savings.

## EASYRESET

EasyReset is an automatic chip emulation system which overrides the electronic communication from the cartridge chip to the printer and eliminates the printers dependence on OEM chips. At printer startup the EasyReset will automatically communicate to the printer that the ink level is at 100% for each color channel. A regular daily printer power cycle is all that is required to keep your EasyReset functioning at peak performance.

\*Once TRIANGLE® ink cartridges for Mutoh ValueJet have been successfully installed, please notify customers that machine firmware should no longer be updated. This will prevent future firmware releases from causing communication issues with our cartridge smart cards.

### Color Center

INX Digital provides custom profiles to our customers. Every print shop is unique in their set up just as every printer is slightly different from the other. For this reason we offer to create custom profiles for our customers various needs. For additional info:
