PACKAGING & COLOR

Shipped in 6 x 1 liter bottles. Net quantity 6 liters.

INK TRAIN WARRANTY

INX Digital offers the most comprehensive warranty in the industry. If inks are proven to be the cause of the printer breakdown during the initial OEM warranty period, then INX Digital will provide parts, service or reimbursement costs required to repair damage to the ink train.*

*See warranty disclosure statement for details.

OUTDOOR DURABILITY WARRANTY

INX Digital backs their products with their Worldwide Ink Durability Warranty. INX Digital's TRIANGLE® Inks have been extensively used for many years and exposed to virtually all global and outdoor climates.*

*See specific product durability warranty as some vary.

+ Ask a sales representative for INX Digital's complete Worldwide Ink Durability Warranty.

BULK INK SYSTEM

The EPSX0670.ARC.KIT is a refillable cartridge and resettable chip system for the Epson SureColor™ S30670, S50670, and S70670 models. The system is used to convert Epson SureColor printers to Triangle ESC inks. The cartridges are filled directly using funnels and ink from 1 liter bottles. The chips have a 700ml ink credit which is then resettable once consumed (ARC). Refillable cartridges with chips installed are supplied in the kit. You can discontinue use of OEM cartridges, therefore reducing your company's dependency on the OEM. By using INX Digital bulk inks you will feel the positive effect in cost savings.

Color Center

INX Digital provides custom profiles to our customers. Every print shop is unique in their set up just as every printer is slightly different from the other. For this reason we offer to create custom profiles for our customers various needs. For additional info:
